Examiner Tran,

The above mentioned application is in IDC. The contractor is trying to move the application to FDC for final printing and realized there is a problem with claims. Original claim 67 is allowed and listed on claim pages (REM dated 01/09/03) but not shown as allowed in the index of claims. There should be a total of 35 claims. Only 34 are shown in the index. Can you look into this and make any necessary corrections. To allow this application to move more timely, would you mind faxing a copy of the corrections to me before you have it sent to scanning. My fax number is 703-578-6812.

Thank you,
